

FURQAN LEARN ACADEMY

Brand identity system - Version 1.0

FURQAN LEARN ACADEMY

QURAN • ARABIC • ISLAMIC STUDIES

CORE PALETTE

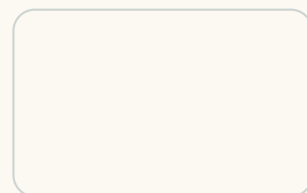

Emerald
#0E493E

Graphite
#18242B

Soft Gold
#EAD9A3

Ivory
#FBF9F2

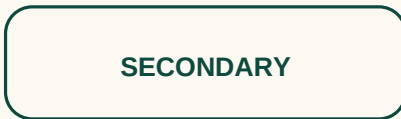

Recommended usage: 60% ivory/white, 30% emerald/graphite, 10% gold.

The debossed artwork is a presentation mockup; the flat vector is the master logo.

WEB UI SYSTEM

Accessible colors, components and interaction states

Buttons

Text hierarchy

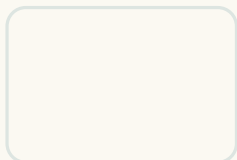

Learn Quran with clarity

Modern Islamic learning, rooted in tradition

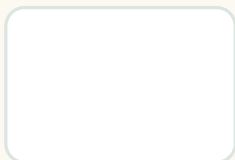

Primary body text uses Graphite Secondary for calm, long-form readability.

Muted text remains WCAG AA compliant on the Ivory background.

Gold Tint

Footer

Typography

Latin UI: Manrope | Arabic UI: IBM Plex Sans Arabic

Quranic content only: Noto Naskh Arabic

Controls: 12 px radius | Cards: 20 px radius | Spacing grid: 8 px

LOGO USE & PRODUCTION

Digital, reverse, monochrome and print applications

Primary logo - light surfaces

Rules

- Use the primary logo on white, ivory and very pale surfaces.
- Use the reverse mark on emerald, graphite or photographic dark areas.
- Minimum clear space: 10% of the complete logo width.
- Minimum digital stacked-logo width: 180 px.
- Minimum printed stacked-logo width: 45 mm.
- Never stretch, rotate, recolor individual letters or add effects to the master.
- At small sizes use the supplied favicon mark, not the full logo.

Print note

CMYK values are starting points and must be proofed against the final stock and ICC profile.

For premium stationery, metallic gold foil may replace only the soft-gold accent.
